Mission Overview

Statutory or Contractual Aid activities support the National Park Service mission by contributing to the National Park Service goals: 1) Cultural resources are conserved through formal partnership programs and 2) Through partnerships with other Federal, State, and local agencies and nonprofit organizations, a nationwide system of parks, open space, rivers, and trails provides educational, recreational, and conservation benefits for the American people. The resources support all strategies identified in the Department's goal to protect the Nation's natural, cultural and heritage resources and provide recreation opportunities for America.

Activity Overview

The **Statutory or Contractual Aid** activity provides Federal funds, which are often matched, to State and local governments and private organizations to operate, manage, interpret and preserve resources at affiliated areas.

Justification of FY 2008 Program Changes

No funding is requested for Statutory and Contractual Aid in FY 2008 in order to concentrate the Service's resources on accomplishing its primary mission.
